# Natural Hair Serum

Your bad-hair-day-no-more solution

Hair can be stubborn. They look bland, dull or simply lack texture and style. And it's not just hair that can be messed up, the scalp can be dry and itchy too. If you think this only affects women, you're wrong. The **Natural Hair Serum** is enriched with a variety of natural oils and emollients. The combination of **MIGLYOL® 829 ECO** and **SOFTISAN® conditionHAIR** provides grip and structure to style short hair. The anhydrous oil-based serum enhances shine naturally and transforms dull into lively bouncing hair.

**MIGLYOL® Coco 810** has been proven to moisturize the (scalp) skin, while **MIGLYOL® 829 ECO** can strengthen the skin barrier through a reduced TEWL. The combination of the nourishing ingredients with the hair and scalp conditioning

agent **SOFTISAN® conditionHAIR** ensures the ultimate care effect for dry scalp.

As a pure oil, the sensory of the **Natural Hair Serum** is of high relevance. **MIGLYOL® Coco 810** offers the desired dry lightness, paired with premium softness. Due to its viscosity, **MIGLYOL® 829 ECO** brings a deluxe touch and makes the formula easier to apply.

The **Natural Hair Serum** is 100% vegan and has a NOC of > 0.98. And that's not all... It's also great to use as a body serum, as the ingredients used are known to increase skin hydration, softness and strengthen the protective barrier.
