

IOI OLEOCHEMICAL

Creating
chemical
connections!

You would like to shape how we source, manage and improve external manufacturing and the raw materials behind it?

To strengthen our Procurement division, we are looking for you to join our team in **Hamburg** as soon as possible as

Category Buyer Contract Manufacturing & Raw Materials (m/f/d)

You want to...

- help turn different contract-manufacturing arrangements into a consistent, commercially sound and reliable way of working.
- source and evaluate contract manufacturers and raw-material suppliers, run requests for quotation, compare total costs and prepare clear award recommendations.
- prepare and conduct negotiations on tolling fees, raw-material models, capacity, yields, logistics, payment terms.
- manage the day-to-day procurement side of external manufacturing: orders and call-offs, confirmations, delivery follow-up, price and invoice issues, claims and supplier escalations.
- work closely with Business Units, Operations, Production Planning, Logistics, Quality, Regulatory, Finance and Legal to turn complex interfaces into executable solutions.
- apply our common supplier-management approach and follow agreed actions through to closure.
- support our SAP S/4HANA transformation with practical process, data, testing and user input - and grow into broader raw-material purchasing responsibility over time.
- visit suppliers and take part in audits and negotiations across Europe.

In facial creams, medication, sports nutrition or styrofoam packaging – our highly specialized products have such a variety of application areas that we hold them in our hands every day without realizing it.

IOI Oleo GmbH is the German branch of the oleochemical division of the globally active IOI group. With our headquarters in Hamburg and our two production sites in Witten and Wittenberge, we are one of the leading European suppliers of oleochemical specialties for the areas of Personal Care, Pharma, Nutrition and Technical Applications.

We are looking for...

- a completed degree in business, supply chain, engineering, chemistry or a related field - or a comparable vocational qualification.
- first relevant experience in procurement, sourcing, supply chain or the commercial management of external production.
- ideally, experience with contract manufacturing, tolling, outsourced production or a process industry such as chemicals, ingredients, pharmaceuticals, food or cosmetics.
- confidence with ERP systems and spreadsheets; SAP S/4HANA project or key-user experience would be an advantage.
- hands-on experience with offer comparison, cost analysis, negotiations and operational purchasing; exposure to direct materials is highly welcome.
- an analytical, structured and pragmatic mindset: you can make sense of incomplete information, propose a solution and bring the agreed action to completion.
- curiosity, constructive persistence and the ambition to grow into broader category responsibility.
- very good German and English, and willingness to travel within Europe, typically up to 20%.

Your chance – apply now

You look forward to a task in which you can take on your own responsibility and a future in which team spirit, mutual support and fun at work are very important. You can also expect flexible working hours and a great working atmosphere.

We are looking forward to your informative application with your salary expectations and your earliest possible starting date. Please send us your documents using the application form on our career website:
